# INTEGRITY, STRENGTH, ENDURANCE

## QUALITY IS IN THE DETAILS

Spartan fencing is designed and engineered to overcome the common short falls of ornamental aluminum fencing products on the market today. Our vast, hands-on, experience in the industry from fabrication to installation addresses all aspects of what it takes to make the best quality ornamental aluminum fencing product. From superior wall thicknesses and seamless picket points, to coating after punching and notching, Spartan design and manufacturing is second to none. Our meticulous attention to every detail, down to the stainless steel screws used for assembly, results in the finest quality aluminum fencing available today.

### DESIGN INTEGRITY

- Maximum number of internal ribs contact pickets for ultimate strength & rigidity
- Beveled rails add to a classic appearance and shed water
- No seams or run lines keep surfaces clean and free of unsightly debris, mold, or mildew
- Sealed, seamless picket points never separate over time
- Unmatched, true dimension, structural metal thickness is not compromised
- Lifetime warranty means maintenance-free functionality forever

### FLAWLESS FINISHES

- Powder coating after punching and notching seals all surfaces for lasting durability
- Stainless steel screws have unobtrusive, hidden heads for smooth look

### SAFE & SECURE

- Rounded picket points are safe for children and pets
- Self-latching and locking gate hardware options give peace of mind

Spartan's style and looks are surpassed only by it's strength in security and safety when it comes to swimming pool enclosures. Manufactured to meet all stringent BOCA pool safety codes, Spartan enclosure systems adhere to height, flush bottom rail, and picket spacing requirements to ensure the integrity, safety, and security of your pool environment. Matching gates with BOCA compliant locks, safety latching, and self-closing, speed adjustable hinges are imperative to the safety of children and pets. For the perfect choice to enclose your pool with style and grace, look to Spartan for a lifetime of maintenance-free, worry-free, secure, safe performance.

The stately elegance of a wrought iron entryway or estate gate is undeniable. Spartan offers a choice of single or double estate gate models in standard or custom sizes that capitalize on the life-long performance and maintenance-free beauty of powder coated aluminum. Spartan's wear resistant finish and highest quality hardware are enhanced by diagonal bracing for added strength. Heavy duty two inch square frames and welded U-frame construction provide the structural integrity necessary for proper alignment and reliable operation over the lifetime of your gate. Let Spartan estate and arched gates stand the test of time for your entranceway as you benefit from the maintenance-free, architectural enhancement of your property.

# COMMERCIAL FENCES

## ACCESSORIES

Extend the strength, stability, and security of your business with Spartan aluminum fencing. Heavy duty commercial grade wall thicknesses, welded framing, commercial rails and posts provide a variety of options for any commercial property. Choose from three rail styles in standard heights and widths or request custom four rail construction and custom heights to meet your specific needs. Spartan gates are supported by industrial strength operating mechanisms and hardware for dependable performance and enclosures can meet medium level security requirements.
